1) Choose a Course

Basic Rider Course (BRC)

NH resident - \$155 Non-NH resident - \$205

The Basic Rider Course is designed for beginner riders with little or no previous motorcycle experience and anyone working toward getting their motorcycle license. Students need the ability to balance and ride a bicycle. Students learn about different types of motorcycles, their controls, how they operate and will begin developing the mental and motor skills necessary for safe riding.

The BRC combines an on-line pre-course, classroom instruction and on-cycle riding practice. Class times will vary but students will spend 3 hours completing the on-line pre-course then 5 hours in the classroom and 10 hours riding during the course.

Students take a written knowledge test and a riding skill test as part of the course. Students who complete the course and pass both evaluations receive a completion card that will waive the motorcycle skills test given at the NH DMV for a motorcycle endorsement. Non-NH residents need to contact their home state DMV to confirm acceptance of the completion card.

Motorcycles and helmets are provided but students are responsible for providing the following protective clothing: eye protection, gloves, boots that cover the ankles, sturdy pants and a jacket

Intermediate Rider Course (IRC)

NH resident - \$60 Non-NH resident - \$80

This one day refresher course is a continuation of the Basic Rider Course. It is for riders who completed a BRC within the past 12 months and want more practice on the motorcycle. A student who took the BRC and did not pass the riding skill evaluation can re-take the skill evaluation during the IRC in order to receive a waiver for a motorcycle endorsement.

Experienced Rider Course (ERC)

NH resident - \$65 Non-NH resident - \$85

This one-day course is designed for riders with at least one year of motorcycle experience and a motorcycle endorsement. The ERC class consists of approximately 7 hours of on-cycle training and discussion sessions. Students use their own registered, state-inspected motorcycles for range exercises. Proper riding gear, including a helmet, is required.

Frequently Asked Questions

What is the schedule for a Basic Rider Course?

You will begin your learning with a 3 hour on-line course completed on your own within 30 days of your class date. This covers the basics of motorcycle operation and street riding. You will then attend the two day course where on-cycle instruction and additional classroom discussion takes place.

Do I automatically get my Motorcycle license at the end of the course?

Students that are successful in the skills and written tests given during the course receive a completion card and with this will be able to add the motorcycle endorsement to their NH license without further testing at the DMV.

Non-NH residents need to contact their home state DMV to confirm acceptance of the completion card.

Do I need a motorcycle permit to take a class?

No, you do *not* need a motorcycle permit for the **Basic Rider** class. If under 18 you need a valid Driver License. For the **Experienced** class, you do need a valid Motorcycle License.

Do I need to have my own motorcycle?

For the Basic and Intermediate Rider Courses the DMV supplies motorcycles and helmets. For the **ERC**, students must bring their own street-legal motorcycle and D.O.T. certified helmet.

How do I sign up for a class with a friend?

Send separate checks and registration forms for each student in the same envelope. Because class size is limited, we cannot guarantee multiple people being placed in the same class.

What if there is bad weather?

Courses run rain or shine, hot or cold.

Can I just drop-in for a class?

No. Only pre-paid and pre-registered students will be admitted.
