OPERATION OF UNINSPECTED MOTOR VEHICLES

The director is hereby authorized to design and issue, under such rules and procedures as he/she shall deem appropriate, a permit to allow the driving of an uninspected motor vehicle from its location to an inspection station where for good cause shown the person requesting such permit has been unable to comply with the director's rules and regulations relating to inspection.

NOTE: This permit has been issued as a convenience to a current registered vehicle owner whose vehicle is uninspected and whose month of inspection has passed and has a need to drive it to an authorized inspection station. Such operation is only authorized within a 48 hour period following the effective date. Such authority also extends to any person having permission to operate such vehicle.
